

## SAM BHARGAVA FOR GOVERNOR ELECT 2010-11

*`We cannot always build the future for our youth, but we can build youth for our future` F.D.R.*

Colleagues:

**My Vision for Kiwanis: `Helping youth succeed for life!** I believe that Service Leadership Programs (SLP) is our future because:

### **STRONG YOUTH, STRONG COMMUNITIES, STRONG KIWANIS. COLLABORATION**

Collaboration and partnerships is an ideal response to our current complex problems.

- Our past and current leaders who are willing to step up the plate and consider a new direction are gold mines for ideas, talents and dedication.
- Extended partnerships open up new opportunities of working together in Canada and Caribbean. My recent initiative as the Chair of working Group of the 3 Canadian Districts of KI and the Boys and Girls clubs of Canada is an example of vast potential of opportunities in the interest of kids.

### **MORE FOCUSED KIWANIS**

Volunteer and financial resources are precious. We need to work together, share and pool resources on fewer projects with higher goals, as much as possible.

### **HEARTS AND MINDS**

We can't make sustainable change or move in the same direction if the hearts and minds of Kiwanians are not used. This requires creative ways of communications, discussions and training. I want to win your support and your confidence as a leader so we can secure the District's success for the future.
