

SAM BHARGAVA FOR GOV. ELECT 2010-1

Hello Everyone:

Collaboration and Partnerships is an ideal response to our current complex problems. This is the advice and truth reflected in the old African proverb `It takes a village to raise a child`. Please share this e mail with your clubs or Kiwanians attending the K.I. Convention in Las Vegas and support me.

Learn about the amazing partnerships Kiwanis has built with other service and learning organizations. Hear from them how we can work together to accomplish a common goal in our communities.
