

## **SAM BHARGAVA FOR GOV. ELECT 2010-1**

Esteemed Colleague:

As a candidate for Gov. Elect EC&C District, I am committed to build a strong Kiwanis. I have had the privilege of working and seeing this organization from several levels during my 21-year membership of Kiwanis.

A few of my strengths include the ability to listen to suggestions and ideas; to provide open dialogue to motivate others for action, and to put in place an organized solution. Recently, I've had the privilege of speaking to over 25 clubs in Eastern Canada. I've worked over the past year and a half with Kiwanis International and met with my Caribbean colleagues in Jamaica.

Also, exciting work has included the recent development of a partnership agreement, under my Chairmanship, between the three KI districts in Canada and the Boys and Girls Club of Canada (see Maple ...p.8, KI magazine June2010). I Chaired and co-chaired the KI Committee for large clubs to share issues and solutions with respect to Fundraising, Membership Growth and Club Operations.

What vision best suits the District? My vision is to help youth succeed for life.

I believe that Service Leadership Programs, or 'SLP', is our future. We possess the best program expertise for children in Elementary schools through to the University level, among all International service organizations. SLP is our unique 'market' niche, with strength stemming from a constant uptrend in membership worldwide and more importantly meeting one of the most important community needs.

We need to apply our greatest strength where we can achieve most. There is solid support by Kiwanians have spoken to, and I've received positive feedback on my web page. We need to think long-term. We need to stay connected with our junior Kiwanians and turn them into regular Kiwanians, to increase our membership.

Please visit my updated website [www.electsam.com](http://www.electsam.com) for more information about myself, my family, my record of achievement, my flair for building teams and partnerships and my passion and discipline for getting the job done. I want to win your support and your confidence so we can secure this organization's success for the future. In my next letter, I will forward the critical pillars of my plan for achieving the vision.

Thank you for your consideration and I humbly ask you to share my letter with your club colleagues for support at the elections.

Thank you,

**Sam Bhargava**
